PROFESSIONAL EXPERIENCE

Hypercare Floorwalker | Health New Zealand | Te Whatu Ora

May 2026 - Present

- Provide onsite and remote operational support during a national email and device migration, helping maintain service continuity in a clinical environment.
- Own incidents from diagnosis through resolution or escalation, document outcomes, validate migrated data, and support Outlook, shared mailboxes, calendars and mobile devices.
- Work with users and technical teams to identify configuration, access and application issues, prioritising disruptions according to impact and urgency.
- Contribute to a customer-focused hypercare service through clear communication, accurate ticket updates and knowledge sharing.

Senior Analyst | HCL Technologies

Oct 2024 - Mar 2026

- Acted as an escalation point for complex user and system issues in a global enterprise environment using ServiceNow and CRM tools.
- Managed and prioritised incidents and service requests, collaborated with specialist teams, and supported adherence to service expectations.
- Troubleshot authentication, access rights, Active Directory, remote access and VPN issues affecting business services.
- Supported continuous improvement and large deployment activities, including seven OnePhone rollout batches and a student Surface rollout.

Service Desk Analyst | Waikato Regional Council (Contract)

Apr 2023 - Jun 2024

- Provided Level 1 and Level 2 support, performed root-cause analysis, and resolved or escalated software, hardware, network and access incidents.
- Supported Microsoft Exchange, Microsoft 365, Active Directory, SCCM and Intune endpoint environments; maintained accurate CRM and asset records.
- Collaborated with infrastructure teams and product specialists to implement practical solutions and improve issue resolution.

Network Technician | Wireless Network Environment (Contract)

Oct 2022 - Feb 2023

- Monitored wireless infrastructure and service performance using DUDE, investigated connectivity issues, and coordinated with field technicians and vendors.
- Provided after-hours and weekend on-call support, strengthening experience in service availability, prioritisation and operational escalation.

Service Desk Analyst | Waikato Regional Council (Contract)

Jul 2022 - Sep 2022

- Deployed and configured Intune-managed endpoints, supported system upgrades and application deployment, and maintained IT asset records.

System Analyst & Support | Bridged IT (Contract)

Feb 2022 - Jun 2022

- Monitored remote operational systems, investigated alerts, produced reports and escalated incidents to appropriate teams.
- Supported remote activation and deactivation processes and maintained clear incident and service-request records.

Digital Support Service | MidCentral District Health Board

Jun 2021 - Dec 2021

(Contract)

- Provided Level 2 support in a health environment using ServiceNow, including incident resolution, escalation and support for infrastructure, identity and endpoints.
- Designed and published a Power BI solution for COVID-19 vaccination tracking and regional analysis.
- Configured Exchange mailboxes, distribution lists and calendar sharing, and supported VMware tools, mobile clinics, printers and Wi-Fi.

Service Desk Agent | Waikato Institute of Technology

Aug 2019 - May 2021

- Administered user accounts, network shares and print services in Active Directory and supported Windows, Microsoft Office, VPN and Moodle.
- Maintained laptop lending and asset records, created knowledge material, and provided remote troubleshooting using SCCM and ConnectWise.

Instructor | PSG College of Technology, India

Feb 2001 - May 2018

- Delivered lectures and practical laboratories in programming, database management and networking, including exposure to Oracle, MySQL, C, C++ and Visual Studio.
- Managed Windows client-server laboratories, supervised student projects, developed learning materials and mentored students in technical problem-solving.

EDUCATION

Master of Information Technology | University of Waikato, Hamilton | In progress, 2026-2027

Graduate Diploma in Applied Information Technology (DATABASE ADMINISTRATION) , Level 7 | Waikato Institute of Technology (Wintec) | 2018-2019 | specialization in Database Administration; data warehousing, ETL and Power BI

Post-Diploma in Computer Applications | PSG Polytechnic, India | 1999-2000

Diploma in Mechatronics Technology | PSG Polytechnic, India | 1996-1999

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

IT Support Technical Skill Bootcamp | Power BI Essentials | Asset Management | Ongoing upskilling in SQL, Python, Microsoft Azure and AWS

SELECTED ADDITIONAL INFORMATION

- Patent: An Intelligent Autonomous Multipurpose Delivery Robot - "The Little Indian" (Last Mile), Patent No. 202341077078, filed 11 November 2023.
- Available for collaborative, nationally distributed work; experienced in public-sector health and enterprise support environments.
